

Diagram illustrating a square with side length 50. Inside, a square of side length 25 is shown, positioned such that its top-left corner is at the top-left corner of the outer square. The 25x25 square is divided into four 12.5x12.5 quadrants. The bottom-right quadrant of the 25x25 square is further divided into four 6.25x6.25 quadrants. The bottom-right quadrant of this 6.25x6.25 square is shaded gray. Dimensions are labeled: 50 for the outer square, 25 for the inner square, 20 for the width of the bottom-right quadrant of the 25x25 square, and 10 for the width of the bottom-right quadrant of the 6.25x6.25 square.
